

VIRTUAL & HYBRID SOLUTIONS

Virtual and hybrid event solutions can help overcome the challenge of bringing remote presenters and participants together for your event. At home, at work or at a venue, Encore has a solution to connect. We offer nine packages so depending on your needs and event type, we have the perfect solution.

The packages are designed to create an event experience that is as close to face-to-face as possible. Every solution offers analytics, rich engagement and collaboration and come fully supported by Encore's technical and digital teams.

SOLUTIONS:

- Audience Engagement with Live Video - via Chime Live
- Virtual Content Management - via Content1
